I have known Robert Kent Carter for many years and have used his services as a Commercial Appraiser of commercial properties and ranchland properties in South Texas on numerous occasions. Mr. Carter has always conducted himself in a manner which was a credit to my clients and to him.

I have found Mr. Carter's appraisals have always been extremely reliable and accepted without questions by the governmental entities or others for whom the appraisal was prepared. I would highly recommend Kent Carter as an appraiser for anyone seeking an appraisal in the South Texas and East Texas markets.

Sincerely,

Langley & Banack, Inc.
